“

Some of us have a special radar for detecting injustice, and that radar is usually accompanied by a burning need to eradicate that injustice as soon as humanly possible.

“What’s driving Phil Weiser’s unrelenting quest for justice?”

The Denver Gazette

“I stand up for Colorado. I hold scammers responsible for defrauding hardworking people, work to improve our criminal justice system, and advance the rule of law. As attorney general, I also protect our land, air, and water. I will continue to stand in your corner, defending and protecting every Coloradan from injustice.”

PHIL MADE A BIG IMPACT IN COLORADO— AND HE'S NOT DONE YET.

PHIL TOOK ON BIG PHARMA IN THE OPIOID CRISIS (AND WON)

Phil supports alternatives to incarceration and brought millions of settlement dollars to Colorado when he sued companies who fueled the opioid epidemic. With new state funding for treatments and prevention strategies, Phil's work will save lives.

PHIL IS PROTECTING COLORADO'S LAND, AIR, AND WATER

Phil fights rollbacks of critical clean air protections and holds polluters accountable. He protects Colorado's water for everyone, ensuring that our farmers, outdoor recreation industries, and all of us can thrive in a healthy environment.

PHIL DEFENDS CONSUMERS WHO ARE MISTREATED

From big tech like CenturyLink and DIRECTV to small scam artists, Phil has returned millions of dollars to Colorado consumers who were deceived or treated unfairly. Phil also played a leading role in antitrust cases against Facebook and Google.

PHIL CHAMPIONS PUBLIC SAFETY AND JUSTICE FOR ALL

Phil helped Colorado become a leader in public safety. He has worked to address sexual abuse by members of the clergy, protect victims of domestic violence, and create police accountability measures that have become a national standard.
